

## Konstantin Hatzipanagiotou

### Professor

#### Contact Information

**Office phone** +30 2610 997597  
**Fax** +30 2610 997560  
**E-mail** k.hatzipanagiotou@upatras.gr  
**Research Group Website** <http://lithos.geology.upatras.gr>  
**Mailing Address** Department of Geology  
Section of Earth Materials  
University of Patras  
GR-265 00 Rio-Patras  
GREECE

**Location Information** Building of the Department of Geology 2<sup>nd</sup> floor, office 204

#### RESEARCH ACTIVITIES:

##### ACADEMIC STUDIES:

1977 Degree in Geology, Dep. of Geology, University of Kiel (Germany)  
1983 Ph.D in Earth Sciences (Dr. rer. nat.), Technical University of Braunschweig (Germany)

##### PROFESSIONAL EXPERIENCE:

1984-1989 Lecturer, Dep. of Geology, University of Patras  
1989-1995 Assistant Professor, Dep. of Geology, University of Patras  
1995-2001 Associate Professor, Dep. of Geology, University of Patras  
2001-present Professor, Dep. of Geology, University of Patras

##### SCHOLARSHIPS:

1975 DAAD scholarship for brilliant undergraduate students  
1979-1982 FRIEDRICH-NAUMANN-STIFTUNG scholarship for brilliant postgraduate students

##### COURSES TAUGHT:

###### Undergraduate level

1984-present Lectures and laboratory exercises in “Petrography I” and “Petrography II” courses (4<sup>th</sup> & 5<sup>th</sup> semester), Dep. of Geology, University of Patras  
1989-1991 Lectures and laboratory exercises in “Introduction to Geology” course (2<sup>nd</sup> semester), Dep. of Civil Engineering, University of Patras  
1993-present Lectures and laboratory exercises in “Petrogenesis of the Ophiolitic Complexes” (8<sup>th</sup> semester), Dep. of Geology, University of Patras  
1997 Two training seminars for teachers of Second Degree Education, organized by the Dep. of Geology, University of Patras, through E.P.E.A.E.K. programme  
2000-present Lectures and laboratory exercises in “Marbles and Aggregates” course (8<sup>th</sup> semester), Dep. of Geology, University of Patras

###### Postgraduate level

1995-present Lectures in the frame of the MSc “Περιβαλλοντικές Επιπτώσεις από την εκμετάλλευση

Ορυκτών Πρώτων Υλών” and “Επιπτώσεις του Περιβάλλοντος στους Δομικούς Λίθους των σύγχρονων κατασκευών και των Αρχαίων Μνημείων” courses, Dep. of Geology, University of Patras
